

# Health Literacy Heroes

.

**Examples of what a Health Literacy Heroes submission may look like.**

## Health Literacy Hero East Brunswick Public Library (East Brunswick, NJ)

EBPL Librarians promote consumer health resources at a local Farmer's Market sharing resources from MedlinePlus and other National Library of Medicine and National Institutes of Health resources with members of their community.

Americans living in rural communities are a special population that often experience significant health disparities. Staff at the local public library provide cooking and health information resource training for diabetic seniors in their community.

Laurel Public Library (Laurel, DE)  
Nutrition information for seniors

# Health Literacy Hero in Action

Advance African Development, Inc.  
Pittsburgh, PA

Dr. Annamore Matambanadzo works with Pittsburgh Public School District educators to provide health literacy training directly to middle and high school students during health class.
